Dear Parent/Carer

An email was sent out today as follows:

We have been informed by the Department for Education that there have been changes to the data they require from all schools. Annually schools submit data to the Department in the form of a census, this Autumn they have advised that we need to also include each pupil's National Identity and their country of birth.

With apologies, can I please request that should your child have been born anywhere other than England or if their national identity is any other than British could you please complete below in order for us to update our records. Please can you return this information to us no later than Monday 3rd October.

Again apologies for any inconvenience and thank you for your time and assistance with this. We will be sending all correspondence via email in future so can we please ask if you do have an email address if you could complete the section below.

Name of pupil: _____

Country of Birth: _____

Email address: _____

Yours sincerely

School Office
