

GOVERNING BODY OF CHADSGROVE SCHOOL

GOVERNORS' COMMITTEES' ANNUAL REVIEW STATEMENT 2018-19

Curriculum Committee

Role of Governors' Committee Members	Key Topics and Governor Committee Activity since last annual review	Impact of Governor Committee involvement – what difference has it made?
Strategic (contributing to the School's Vision and strategic aims?)	During the year the committee received presentations by staff on; - Pupil Data monitoring systems Work experience, Reading and Mental health.	By becoming better informed, the committee was able to make better decisions. We were also able to provide encouragement to the staff for the excellent work that was going on in the school.
Critical Friend (monitoring and evaluating performance, challenge and support of the Senior Leadership Team)	By concentrating on a subject and becoming better informed the committee was able to evaluate what was taking place which was invariably excellent.	The governors were able to make more informed decisions particularly on the allocation of resources.
Accountability (ensuring that the School is accountable to pupils, parents, local community and those who fund it)	Part of each session included ways of informing parents/carers and interested parties.	Governors were able to ensure that the teaching of the subject in question continues to be outstanding.
Next Steps for Improvement (this will form part of Governors' action plan for improvement linked to the School Development Plan)	The format of presentation followed by discussion is proving very successful and the committee will continue by looking at other areas of the curriculum throughout the next year.	Governors will continue to be part of the continued improvement of the curriculum.
